HOW TO UTILISE THESE DIGITAL RESOURCES FOR EDUCATION

INFORMATION FLOW

Government of India's Digital Initiatives in Education

To democratise the opportunities of **quality education**, the Government launched the National Mission on Education through ICT (NMEICT) to translate the power of IT into expanded learning opportunities.

Large scale expansion of the high quality education opportunities and the Digital Technology can be leveraged to address these twin concerns of enhancing **a c c e s s a n d q u a l i t y .**

- POST GRADUATE 

1. **IT platform** that facilitates hosting of all the courses.
 2. Taught in classrooms from **9th class till post-graduation**.
 3. To be accessed by **anyone, anywhere at any time**.
 4. All the courses are **interactive, prepared by the best teachers in the country**.
 5. Available **free of cost** to the residents in India.
 6. **More than 1,000 specially chosen faculty** and teachers from across the Country have participated in preparing these courses.
-

AV

UNDERSTANDING

SWAYAM

It is designed to achieve the three cardinal principles of Education Policy that are

- ACCESS
- EQUITY
- QUALITY

The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged.

Courses delivered through SWAYAM are available **free of cost** to the learners.

However, students wanting **certifications shall be registered**, shall be offered a certificate on successful completion of the course, with a little fee

**BUILDING A GLOBAL
ACADEMIC COMMUNITY**

CONNECTING WORLDWIDE

In these rapidly changing times in technology, we need to **ADJUST AND ADAPT** quickly.

EXCHANGE AND EXPOSURE

Exchange of information should not be limited in any context.

Hence, we should always look ahead and try making ties within the country and across the globe.

Connecting with the best resource person in their respective field gives perspective to the students knowledge and information.

EXCHANGE PROGRAM

STUDENTS

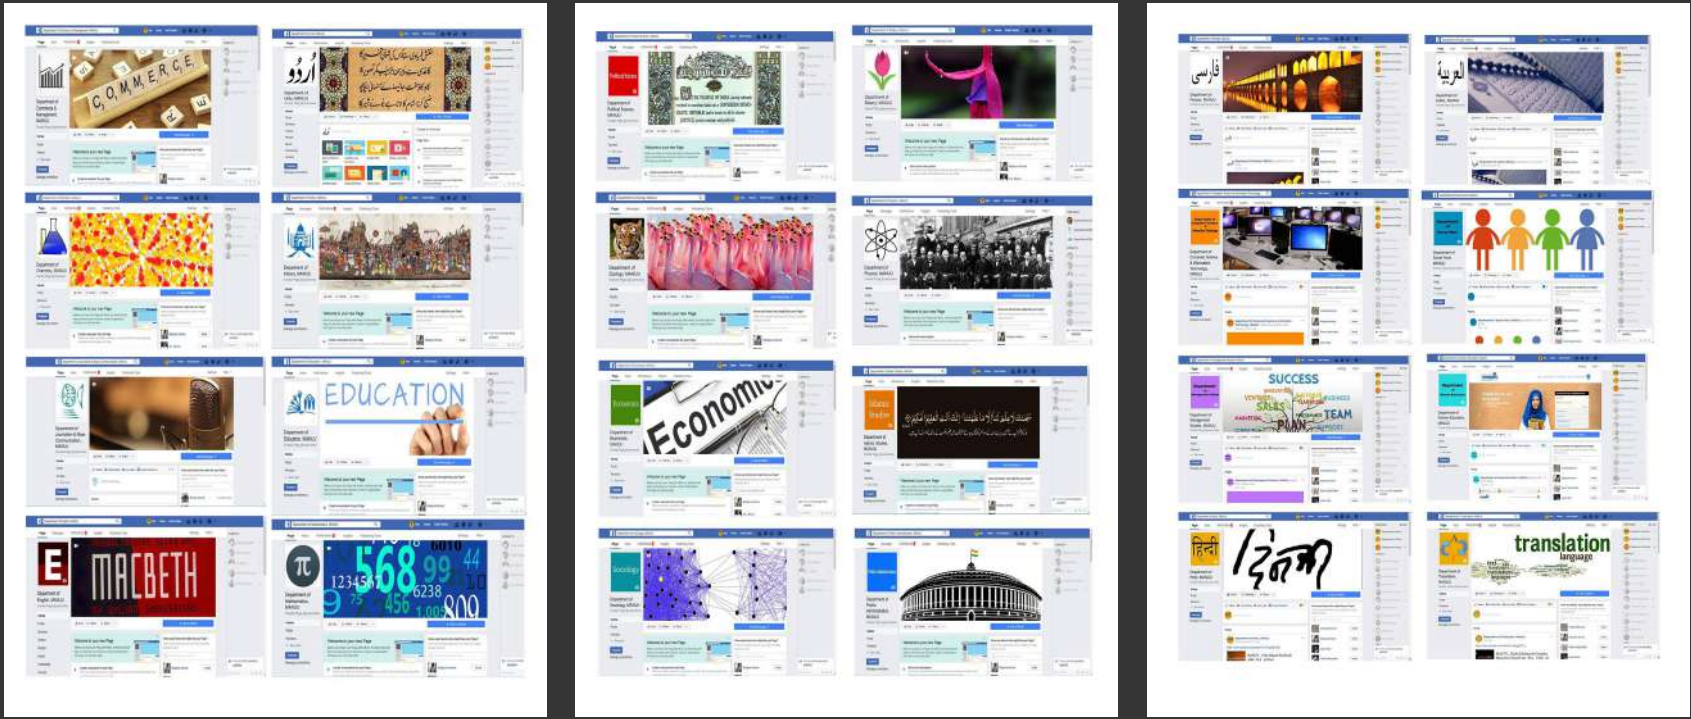

EXPERTS

RESOURCES, DEPARTMENT ACTIVITIES**

Activity

VERTICAL GROUPS

The creation of vertical groups every year should be done extensively.

Whatsapp is used for all sorts of exchange of communication. Why not use it for the purpose of education.

- Groups can be created for official exchange of information between the faculty and education.
- **D o u b t s a n d q u e r i e s c a n b e c l e a r e d .**
- Intimidations regarding a guest lecture, seminar or a field visit can be made to the students who can further coordinate accordingly.

Faculties can and should take this as official communication with their students which in-turn makes them more approachable to the students.

Raghu Sir Macro

This video explains a lot about today's discussion on Macro Economy of our time. Please see for further reference.
