Theme: Multi Disciplinary & Holistic Education

The screenshot shows a Google Meet interface during a presentation. The main slide is titled "How does Multidisciplinary Education help?" and features a central graphic with six interconnected nodes:

- Holistic Understanding:** Rather than looking at individual departments, each field of study is integrated.
- Collaboration skills:** When you learn something from each field, it is easy to collaborate.
- Different Perspectives:** Integrating ideas of each field to make this world a better place.
- Growth:** Multidisciplinary education allows for exponential learning and growth curves.
- Real world approach:** When we need to live in a...
- Flexibility:** Flexible to change areas, not stagnant.

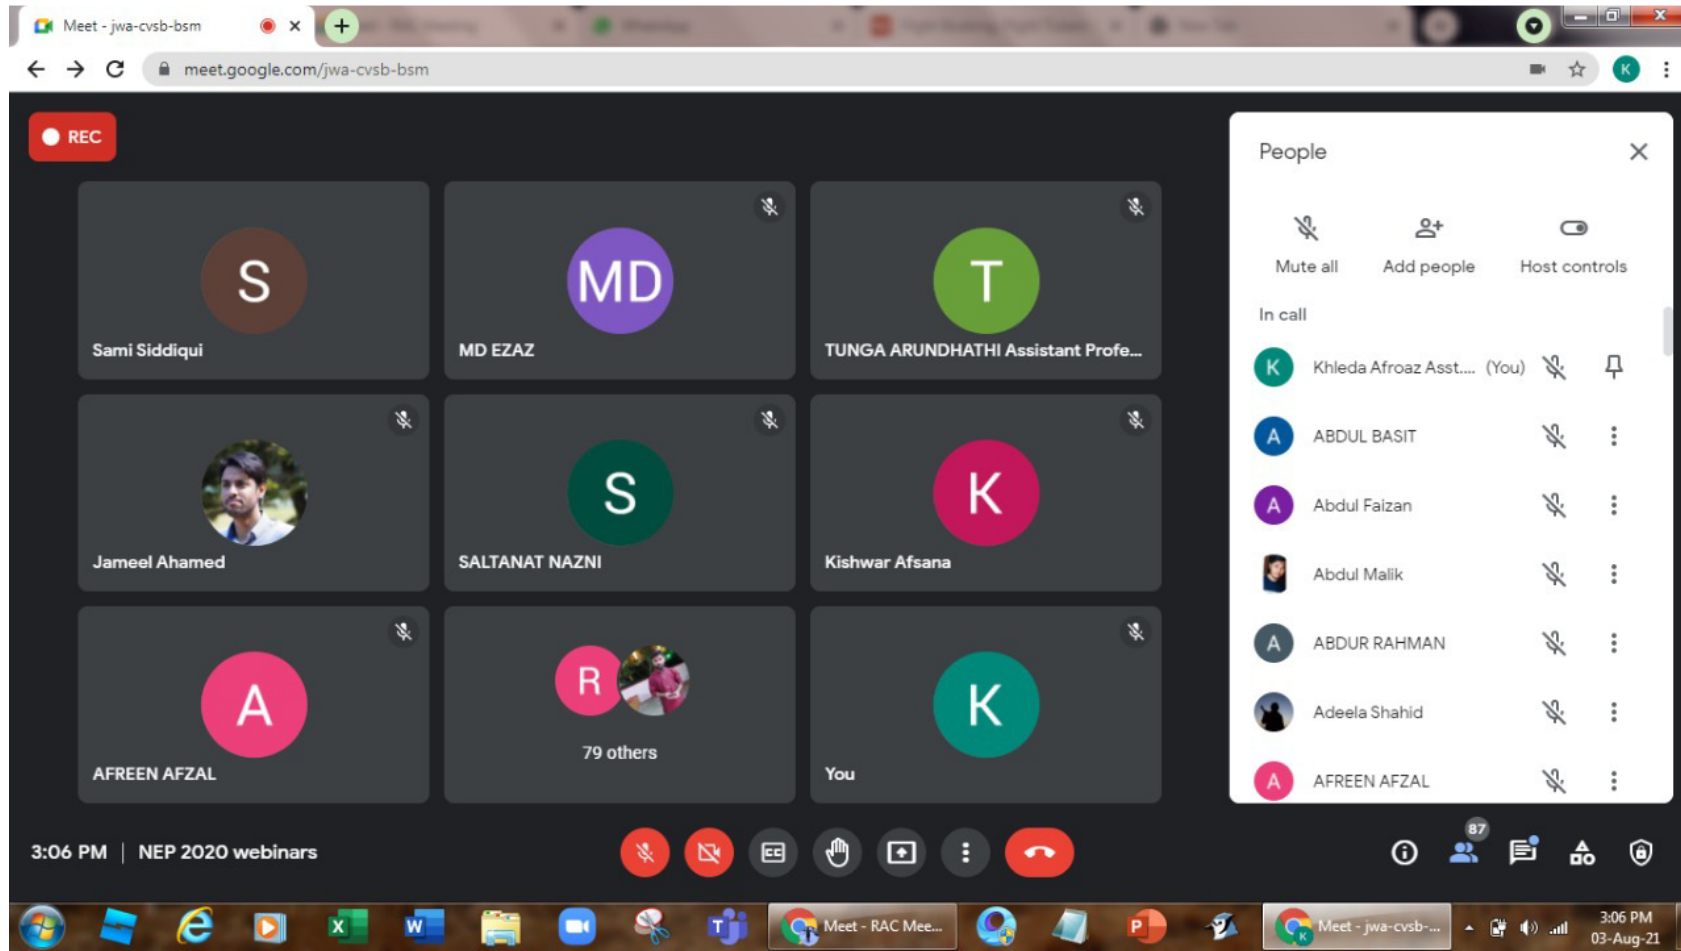

Participants in the meeting include:

- Fareeha rasheed CS & IT (presenting)
- TUNGA ARUNDHA...
- Nahid Chaudhary
- MD RASHID
- MD ALAM
- KASHIF BAIG
- Istiyak Ahmad
- unsha uzma
- Mohammad Zaid
- TAUSIF AHMAD
- 68 others
- You

At the bottom, a notification states "MOHD QADEER has left the meeting". The system tray shows the time as 3:05 PM on 02-Aug-21.

Theme: Quality Education, Accrediation and Teacher Education

The screenshot shows a Google Meet interface. At the top, the browser address bar displays 'meet.google.com/juf-ncvu-jmj'. Below the browser, a toolbar indicates 'REC' (Recording) and 'Jameel Ahamed is presenting'. The main content area features a presentation slide with an orange header: 'Some of the major problems currently faced by the higher education system in India include:'. The slide lists ten points (a-j) regarding the higher education system in India. To the right of the slide is a grid of participant video thumbnails. The first row includes Jameel Ahamed (active), Hussain Bee, and faizan eqbal. The second row includes SHOHRAT FATMA, SARFARAZ AHMAD, and Mohd shahban. The third row includes TAHREEM TARIQUE, a group of 47 others, and 'You'. At the bottom, a control bar shows icons for mute, video, chat, hand raise, share screen, and end call. The system tray at the very bottom shows the time as 3:53 PM on 04-08-2021.

REC | Jameel Ahamed is presenting

Some of the major problems currently faced by the higher education system in India include:

- (a) a severely fragmented higher educational ecosystem;
- (b) less emphasis on the development of **cognitive skills and learning outcomes**;
- (c) a rigid separation of disciplines, with early specialization and streaming of students into **narrow areas of study**;
- (d) limited access particularly in **socio-economically disadvantaged areas**, with few HEIs that **teach in local languages**;
- (e) limited **teacher and institutional autonomy**;
- (f) inadequate mechanisms for **merit-based career management and progression of faculty and institutional leaders**;
- (g) lesser emphasis on **research at most universities and colleges**, and lack of competitive **peer-reviewed research funding across disciplines**;
- (h) suboptimal governance and leadership of HEIs;
- (i) an ineffective **regulatory system**; and
- (j) large affiliating universities resulting in **low standards of undergraduate education**.

Vision

Transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower. The curriculum and pedagogy of our institutions must develop among the students a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and a conscious awareness of one's roles and responsibilities in a changing world, and to instill among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development and living, and global well-being, thereby reflecting a truly global citizen.

AIM

To have an education system in the country by 2040 that provides equitable access to the highest quality education for all learners regardless of social or economic background.

↓

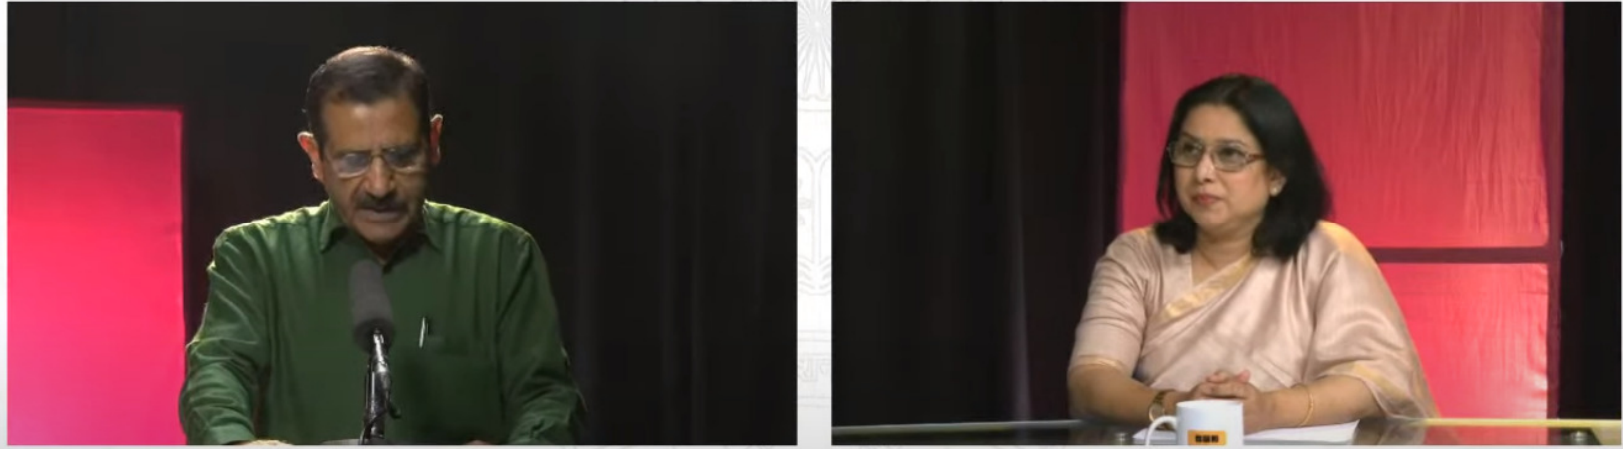

Producing engaged, productive and contributing citizens for building an equitable, inclusive and plural society as envisaged in our constitution

REC

Reduction in Curriculum

Core Essentials	Critical Thinking	Interactive Classes	Experiential Learning
Curriculum in all subjects to be reduced to its core essentials	Focus on critical thinking, inquiry, discovery, discussion and analysis-based teaching and learning methods for holistic education	Interactive teaching with reduced dependency on textbook learning. Questions from students will be promoted	Fun, creative, collaborative, and exploratory activities in classroom for experiential learning and deeper student learning

- Curriculum and pedagogy to be transformed by 2022 to promote skill based and minimize rote based learning
- Revision of NCF for school education and NCF for teacher education 2009 by 2021
